Cooperative Learning & Music By Marya Katz, Christi Brown

Bands play in perfect sync. Orchestras require everyone to play their part. Why then, when we teach students about music don't we take advantage of the power of cooperation? Maybe because, there hasn't been a music teacher resource guide that provides the blueprint until now! In this massive, activity-rich resource guide, you will find cooperative structures and activities to teach the fundamentals for singing, playing instruments, reading and notating music. There are tons of ready-made cards and blacklines such as Vocabulary Volley, Bass Clef Bonanza, and Interval Insanity to teach the concepts of music composition including melody, rhythm, harmony, form tone color, texture, and expression. All the activities take advantage of Kagan Structures to encourage active participation by every student to ensure everyone is learning about, talking about, and writing about music. Use this book as an entire music curriculum or pick and choose activities to enliven your music class.
