On Heroes, Hero-Worship, & the Heroic in History (The Norman and Charlotte Strouse Edition of the Writings of Thomas Carlyle) By Thomas Carlyle, Joel J. Brattin, Mark Engel, Michael K. Goldberg

In his 1840 lectures on heroes, Thomas Carlyle, Victorian essayist and social critic, championed the importance of the individual in history. Published the following year and eventually translated into fifteen languages, this imaginative work of history, comparative religion, and literature is the most influential statement of a man who came to be thought of as a secular prophet and the "undoubted head of English letters" (Emerson). His vivid portraits of Muhammad, Dante, Luther, Napoleon—just a few of the individuals Carlyle celebrated for changing the course of world history—made *On Heroes* a challenge to the anonymous social forces threatening to control life during the Industrial Revolution.

In eight volumes, The Strouse Edition will provide the texts of Carlyle's major works edited for the first time to contemporary scholarly standards. For the general reader, its detailed introductions and annotations will offer insight into the author's thought and a reconstruction of the diverse and often arcane Carlylean sources.

Editorial Review

Review

"Here one glimpses Carlyle as a nimble personality with stimulating ideas. What makes this edition especially welcome is Carl Niemeyer's astute introduction."—*The Pacific Historian*
(*The Pacific Historian*)

From the Inside Flap

"How great he was! He made history a song for the first time in our language. He was our English Tacitus."—Oscar Wilde

"A definitive text . . . a crucial standard for further study of Carlyle."—David Nordloh, Indiana University

"The publication of the first scholarly and fully annotated edition of *On Heroes* is a major intellectual event."—J. Hillis Miller, University of California, Irvine
