### Editorial Review

#### Review

"Presenting a topic that is riddled with nuances so it is accessible to nonspecialist readers is not an easy task. From this perspective, this single-volume reference is a welcome edition for high school students and general readers." - **Booklist**

"[T]he volume certainly fills a void in reference works dealing exclusively with the concerns of faith and culture. The treatment is especially appropriate for reference collections serving high school students and undergraduates. Summing Up: Recommended. Undergraduate students and general readers." - **Choice**
