Theories for Direct Social Work Practice By Joseph Walsh

Walsh's text provides MSW course instructors and students with a single volume that incorporates concise, comprehensive coverage of eleven major clinical practice theories that social workers commonly use in their assessment, planning, and intervention tasks with individuals, families, and groups. The book's scope encompasses a broad view of the practice field, yet still allows students to look closely at each theory discussed.

Editorial Review

Review

"A refreshing look at traditional social work practice alongside the newest intervention strategies.... The strength is its straightforward presentation of theories that will give students the opportunity to select a direction for their practice that fits their world view and personality."

"Unique in that it specifically addresses how each theory fits with the guiding principles of social work practice including client empowerment, respect for diversity, operating from a strengths-oriented perspective, recognition of client spirituality issues and the mandate to promote social justice."

"It is the only [book] to specifically apply each theory to social work practice and principles."

About the Author

Joseph Walsh received his MSW and his Ph.D. from Ohio State University. He is Associate Professor of Social Work at Virginia Commonwealth University and teaches courses in generalist practice, clinical practice, research, and mental and emotional disorders. He has been a direct services practitioner in the field of mental health since 1974, first in a psychiatric hospital and later in community mental health center settings. Joe has provided services to older adult and general outpatient populations, but he specializes in services to people with serious mental illness and their families. He is the author of two other Brooks/Cole texts, *CLINICAL CASE MANAGEMENT WITH PERSONS HAVING MENTAL ILLNESS* and *THEORIES FOR DIRECT SOCIAL WORK PRACTICE*.

Users Review

From reader reviews:

Joann Hamilton:

The book *Theories for Direct Social Work Practice* can give more knowledge and information about everything you want. Why must we leave the good thing like a book *Theories for Direct Social Work Practice*? Some of you have a different opinion about book. But one aim that will book can give many facts for us. It is absolutely right. Right now, try to closer using your book. Knowledge or data that you take for that, you could give for each other; you may share all of these. Book *Theories for Direct Social Work Practice* has simple shape but you know: it has great and large function for you. You can appear the enormous world by open up and read a reserve. So it is very wonderful.

Mary McClellan:

What do you regarding book? It is not important along with you? Or just adding material if you want something to explain what the ones you have problem? How about your spare time?
