Editorial Review

Review

Praise for POISON APPLE books:

“This fast-paced story will capture preteen readers who are eager to walk on the dark side... Perfect for students who see their older siblings reading Stephenie Meyer’s “Twilight” series (Little, Brown), this book will definitely find an audience.” –School Library Journal (review of This Totally Bites!)

“A great book for readers who are interested in vampires but aren’t ready for Stephenie Meyer’s books. The characters are entertaining and realistic, the plot is well-developed and makes for an interesting twist on the traditional vampire story. Readers who like vampires, magical realism, realistic fiction, and/or the Candy Apple counterpart series will enjoy reading This Totally Bites!” –Teens Read Too blog
