Editorial Review

Review

'Employment for Individuals with Asperger Syndrome or Non-Verbal Learning Disability is the best book I have read on AS/NLD and career issues. I also highly recommend it for the parents and other family members of people with AS/NLD, educators, vocational rehabilitation personnel, mental health professionals, employers, and even the general public. It is essential that more people learn about AS and NLD, and on how both disorders affect employment. Hopefully in the future, the prognosis for those with Asperger's Syndrome and Nonverbal Learning Disorder in the workplace will be more positive. This book is the first step on that journey.' ---Asperger's Association of New England Newsletter

Review

This book is very suitable for people with Asperger syndrome who are conducting their job search independently or semi-independently, and who are interested in finding a career, not just a job. The author herself has a Non-Verbal Learning disorder and a large part of the book is devoted to contributions from other people with Non-Verbal learning disorder of Asperger syndrome, describing their experiences of employment. The later chapters look in depth at the issues, and provide lots of information and advice on the application procedure and dealing with your employers. Interestingly, the author recommends non-disclosure to employers, and instead suggests being honest about yourself and how you are without giving people labels. This is definitely a book for people who want to be taken seriously. (Asperger Information.net)
