Editorial Review

About the Author

Stephen Marshak is professor of geology at the University of Illinois, Urbana-Champaign, where he is also the director of the School of Earth, Society, and Environment. He holds an A.B. from Cornell University, an M.S. from the University of Arizona, and a Ph.D. from Columbia University. Steve's research interests lie in structural geology and tectonics. This work has taken him into the field on a number of continents. Steve loves teaching and has won his college's and university's highest teaching awards. In addition to research papers and Earth Science, Steve has also authored *Earth: Portrait of a Planet*, *Essentials of Geology*, and has co-authored the *Laboratory Manual for Introductory Geology*, *Earth Structure: An Introduction to Structural Geology and Tectonics*, and *Basic Methods of Structural Geology*.

Users Review

From reader reviews:

Joan Rogers:

The book *Essentials of Geology (Fourth Edition)* make you feel enjoy for your spare time. You should use to make your capable more increase. Book can to be your best friend when you getting tension or having big problem along with your subject. If you can make reading a book *Essentials of Geology (Fourth Edition)* for being your habit, you can get more advantages, like add your own capable, increase your knowledge about many or all subjects. You may know everything if you like available and read a reserve *Essentials of Geology (Fourth Edition)*. Kinds of book are several. It means that, science guide or encyclopedia or some others. So , how do you think about this reserve?

Leopoldo Gonzalez:

Book is to be different for every grade. Book for children until eventually adult are different content. To be sure that book is very important for people. The book *Essentials of Geology (Fourth Edition)* seemed to be making you to know about other knowledge and of course you can take more information. It doesn't matter what advantages for you. The reserve *Essentials of Geology (Fourth Edition)* is not only giving you more new information but also for being your friend when you experience bored. You can spend your own spend time to read your e-book. Try to make relationship with all the book *Essentials of Geology (Fourth Edition)*. You never truly feel lose out for everything should you read some books.

Eleanor Sotomayor:

Playing with family within a park, coming to see the water world or hanging out with friends is thing that usually you could have done when you have spare time, then why you don't try issue that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love *Essentials of Geology (Fourth Edition)*, it is possible to enjoy both. It is good combination right, you still wish to miss it? What kind of hang type is it? Oh can occur its mind hangout guys. What? Still don't buy it, oh come on its known as reading friends.

Laura Hill:

As we know that book is vital thing to add our understanding for everything. By a book we can know everything we want. A book is a set of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This publication Essentials of Geology (Fourth Edition) was filled concerning science. Spend your time to add your knowledge about your science competence. Some people has different feel when they reading some sort of book. If you know how big good thing about a book, you can experience enjoy to read a book. In the modern era like right now, many ways to get book which you wanted.
