How can a contemporary family get unstuck from the electronics that consume them? This jolly book shows how a little crisis, a little problem solving, and a lot of laughs can go a long way toward making family members reconnect with one other. Annie has a couple of problems. One is that her father, mother, brother, and sister are too busy to pay attention to her. They're always glued to their computers, handheld devices, and video games. Annie's other problem is that things get stuck to her, like bubble gum, cotton candy, ice cream, marshmallows, lollipops, you name it. When Annie sets about making a peanut-butter and honey sandwich—well, you can probably figure out what happens. Bjorkman's exuberant cartoon illustrations highlight the rollicking humor of this online family and the knotty physical comedy of the whole gang getting wrapped up in the peanut-buttery, honeyed mess. A tasty contemporary tale about the perils of getting stuck in the virtual world. *Preschool-Grade 2.* --Connie Fletcher

Will Annie finally get her family's attention?
