**The Greek Myths (Volume 2)** By Robert Graves

**Robert Graves, classicist, poet, and unorthodox critic, retells the Greek legends of gods and heroes for a modern audience**

And, in the two volumes of *The Greek Myths*, he demonstrates with a dazzling display of relevant knowledge that Greek Mythology is “no more mysterious in content than are modern election cartoons.” His work covers, in nearly two hundred sections, the creation myths; the legends of the births and lives of the great Olympians; the Theseus, Oedipus, and Heracles cycles; the Argonaut voyage; the tale of Troy, and much more.

All the scattered elements of each myth have been assembled into a harmonious narrative, and many variants are recorded which may help to determine its ritual or historical meaning. Full references to the classical sources, and copious indexes, make the book as valuable to the scholar as to the general reader; and a full commentary on each myth explains and interprets the classical version in the light of today’s archaeological and anthropological knowledge.

##### **Mary Gonzalez:**

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this The Greek Myths (Volume 2) can make you experience more interested to read.
