The Culture of Playgoing in Shakespeare's England: A Collaborative Debate

By Anthony B. Dawson, Paul Yachnin

How was the experience of watching a play influenced by practices beyond the walls of the playhouse, and what were the broader social and historical implications of the culture of playgoing? The book sets out to answer such questions. Interested first in what happened within the playhouse itself, the authors focus on the person of the actor, on stage props, visual pleasure and audience behaviour. At the same time, their discussion moves outward to consider a range of cultural assumptions and practices - such as eucharistic controversy, prostitution, social mobility, iconoclasm, Renaissance optics, the formation of national memory, and the dissemination of news. Since the two authors have very different perspectives on these issues, they have chosen a unique format: rather than submerging their opposition, they have highlighted it. Their attacks and counter-attacks, as they contest each other's views in paired chapters, result in a lively and illuminating debate.

Editorial Review

Review

"This elegantly written volume is made especially intriguing by a structure that permits its two authors to debate in separate essays the intricate cultural questions raised in imagining Shakespeare's audience...Aimed at a sophisticated reader, it will be of most use to upper-division students and faculty. For this audience, it will provide rich pleasure by raising as many intriguing questions as it answers." Choice

"This extraordinarily interesting and important book is a collaborative effort...given the intelligence, sophistication and charm with which Dawson and Yachnin sustain their own contradictory positions, *The Culture of Playgoing in Shakespeare's England* allows readers to move in and out of radically different convictions-an experience not unlike the pleasures afforded by Renaissance drama itself." *Journal of English and Germanic Philology*

"As a two-author book, *The Culture of Playgoing* offers its readers an experience of contemporary cultural studies thrown into unusually high relief. It is an ambitious book..." *Sixteenth Century Journal*

About the Author

Anthony B. Dawson is Professor of English at the University of British Columbia.

Paul Yachnin is Professor of English at the University of British Columbia.

Users Review

From reader reviews:

John Armstead:
