Editorial Review

Review

"These are some of the best interviews with writers I have read, not just tools to be used by the critic to glean facts or insights that can then be applied to the 'real' object, the literary text, but textured, nutty, flavorful stories, a pleasure to read for their own sake. Passages from each writer's work are woven into the text so that we move between stories about reading to our own readings of their texts and are left wanting more." (*Signs*)

"... a fine introduction to voices that—aside from Isabel Allende's—remain largely unknown here. "
(*Washington Post Book World*)

"These are candid, intimate, wonderfully structured interviews, whose impressive impact reveals the interviewer's considerable skill, as well as her thorough knowledge of the writings of her subjects.... Highly recommended..." (*Choice*)
