PrimeFaces Cookbook By Oleg Varaksin, Mert Caliskan

Here are over 100 recipes for PrimeFaces, the ultimate JSF framework. It's a great practical introduction to leading-edge Java web development, taking you from the basics right through to writing custom components.

Overview

- The first PrimeFaces book that concentrates on practical approaches rather than the theoretical ones.
- Readers will gain all the PrimeFaces insights required to complete their JSF projects successfully.
- Written in a clear, comprehensible style and addresses a wide audience on modern, trend-setting Java/JEE web development.

In Detail

PrimeFaces is the de facto standard in the Java web development. PrimeFaces is a lightweight library with one jar, zero-configuration, and no required dependencies. You just need to download PrimeFaces, add the primefaces-{version}.jar to your classpath and import the namespace to get started. This cookbook provides a head start by covering all the knowledge needed for working with PrimeFaces components in the real world.

"PrimeFaces Cookbook" covers over 100 effective recipes for PrimeFaces 3.x which is a leading component suite to boost JSF applications. The book's range is wide? from AJAX basics, theming, and input components to advanced usage of datatable, menus, drag & drop, and charts. It also includes creating custom components and PrimeFaces Extensions.

You will start with the basic concepts such as installing PrimeFaces, configuring it, and writing a first simple page. You will learn PrimeFaces' theming concept and common inputs and selects components. After that more advanced components and use cases will be discussed. The topics covered are grouping content with panels, data iteration components, endless menu variations, working with files and images, using drag & drop, creating charts, and maps. The last chapters describe solutions for frequent, advanced scenarios and give answers on how to write custom components based on PrimeFaces and also show the community-driven open source project PrimeFaces Extension in action.

What you will learn from this book

- Learn basic concepts to be able to work with PrimeFaces.
- Delve deep into 100+ rich UI components with all the required details.
- Get solutions to typical and advanced use cases.
- Use the best practices, avoid pitfalls, and get performance tips when working with the component suite.
- Gain know-how of writing custom components on basis of the PrimeFaces' core functionality.
- Meet additional components from the PrimeFaces Extensions.

Approach

This is a cookbook with plenty of practical recipes enriched with code and detailed explanations.

About the Author

Oleg Varaksin

Oleg Varaksin is a Senior Software Engineer living in the Black Forest, Germany. He is a graduate computer scientist who studied Informatics at Russian and German universities. His main occupation and "daily bread" in the last 6 to 7 years has consisted of building web applications based on Struts, JSP, JSF, Spring, and jQuery—mostly document management systems. He is an experienced JSF expert and has been working with the component library PrimeFaces since its beginning in 2009. He is also a well-known member of the PrimeFaces community and co-creator of the PrimeFaces Extensions project—additional JSF 2 components for PrimeFaces. Besides these mentioned technologies, he has worked as a Frontend Developer with many other web and JS frameworks—GWT, Prototype, YUI Library, and so on—and implemented his own AJAX framework before all the hype about AJAX began.

Oleg normally shares the knowledge he has acquired on his blog <http://ovaraksin.blogspot.com>.

Users Review

From reader reviews:

Vanessa McGinty:

Nowadays reading books become more than want or need but also turn into a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The knowledge you get based on what kind of e-book you read, if you want have more knowledge just go with schooling books but if you want truly feel happy read one with theme for entertaining for instance comic or novel. The PrimeFaces Cookbook is kind of e-book which is giving the reader capricious experience.

Gail Tate:

Playing with family inside a park, coming to see the water world or hanging out with good friends is thing that usually you might have done when you have spare time, in that case why you don't try matter that really

opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love PrimeFaces Cookbook, you could enjoy both. It is excellent combination right, you still need to miss it? What kind of hang type is it? Oh can happen its mind hangout folks. What? Still don't obtain it, oh come on its referred to as reading friends.

Judith Judd:

As we know that book is significant thing to add our expertise for everything. By a reserve we can know everything we really wish for. A book is a set of written, printed, illustrated or even blank sheet. Every year has been exactly added. This guide PrimeFaces Cookbook was filled concerning science. Spend your extra time to add your knowledge about your science competence. Some people has various feel when they reading any book. If you know how big selling point of a book, you can truly feel enjoy to read a publication. In the modern era like now, many ways to get book that you simply wanted.

Steven Craig:

As a university student exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's spirit or real their passion. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading through is not important, boring along with can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this PrimeFaces Cookbook can make you really feel more interested to read.
