### **The Cambridge Illustrated History of Warfare: The Triumph of the West (Cambridge Illustrated Histories)** From Brand: Cambridge University Press

Now available in a revised and updated version, The Cambridge Illustrated History of Warfare provides a unique account of Western warfare from antiquity to the present day. The book treats the history of all aspects of the subject: the development of warfare on land, sea and air; weapons and technology; strategy and defense; discipline and intelligence; mercenaries and standing armies; cavalry and infantry; chivalry and Blitzkrieg; guerilla assault and nuclear arsenals. It places in context particular key events in the history of armed engagement, from the Greek victory at Marathon, through the introduction of gunpowder in medieval England and France, to the jungle warfare of Vietnam and the strategic air attacks of the Gulf War. Throughout, there is an emphasis on the socio-economic aspects of military progress: who pays for it, how can its returns be measured, and to what extent does it explain the rise of the West to global dominance over two millennia?

### Editorial Review

From Library Journal

Highly polished and well illustrated, this book is a comprehensive history of the Western (European) way of war, spanning ancient Greece to today's modern methods and policies of destruction. Parker and six prominent American and British scholars contribute 17 chapters to this detailed study of war. Parker's effort explores the history of Western war through strategy and policy; tactics and logistics; finances and culture; weapons and fortifications; air, land and naval battle; and conventional and civil war. The text is superbly supported by numerous and handy sidebars providing details, insights, and anecdotes. Supplementing the text are a reference guide containing a rather subjective chronology of warfare, a pedestrian and slightly inaccurate glossary, and a marvelously described annotated bibliography. Parker's conclusion is historically based and particularly chilling. For the general reader. Col. William D. Bushnell, USMC (Ret.), Brunswick, Me.
