### Editorial Review

From Publishers Weekly

A fifth-generation Californian feels alien to both his Chinese heritage and the American culture that stereotypes him and others of his race. "The long-awaited novel by the author of *China Men and The Woman Warrior* is outrageously clever, surrealistically imaginative, mordantly witty and funny--in spots. It is also densely overwritten and tedious," argued PW.

From Library Journal

After graduating from Berkeley in English literature, Wittman Ah Sing searches for his niche in the Bay Area of the 1960s. He is a typical product of this time--pot-smoking, free-loving, draft-dodging, unemployed, anti-big business, long-haired, and sandal-shod. But he is also a Chinese-American fighting Chinese stereotypes--and therein lies the book's strength. Unfortunately, the book's great weakness is Wittman Ah Sing himself--a hippie stereotype difficult to feel for because he does not seem real, certainly less real than some of the characters surrounding him. This first novel by the author of *The Woman Warrior* is thus not entirely successful, but Kingston's wide popularity makes it an essential purchase for most libraries.
