Electronic Classics: Collecting, Restoring and Repair By Andrew Emmerson

Vintage Radio, Television and Hi-Fi are highly popular 'modern antiques' - and offer the added challenge for restorers of the repair of classic valve-based circuits. This highly readable book encompasses all aspects of buying, collecting, restoring, repairing, sourcing parts, professional services, clubs and societies, etc. Covering the technical side as well as collecting, this book offers the most comprehensive coverage available.

The first half of the book deals primarily with technical aspects of restoration, what components are needed and where they can be found. The second half of the book provides a wealth of useful information: names and addresses of clubs and societies, auctions and antique fairs; a professional services directory; how to get hold of service data. Armed with this book the enthusiast will be able to tackle the restoration of a vintage machine with confidence.

- A highly popular type of 'modern antique'
- Covers technical aspects of classic valve-based circuitry
- The most complete work for vintage audio and TV enthusiasts, dealers and repairers

Editorial Review

Review

"...an excellent reference for anyone interested in or involved in 'vintage electronics' - both newcomers and those with a few years under their belt. The text is written in a very friendly and accessible style... there's a huge amount of 'nitty gritty' information of a practical and technical nature." --**Electronics Australia**

"What an amazing collection of information!...This is a book which should be in every vintage radio enthusiast's reference library." --**Radiobygones, April 1999**

From the Publisher

The first half of the book deals primarily with technical aspects of restoration, what components are needed, and where they can be found. The second half of the book provides a wealth of useful information: names and addresses of clubs and societies, auctions and antique fairs; a professional services directory; how to get hold of service data. Armed with this book the enthusiast will be able to tackle the restoration of a vintage machine with confidence.

Users Review

From reader reviews:

Lawrence Rowe:

Book will be written, printed, or created for everything. You can understand everything you want by a guide. Book has a different type. As it is known to us that book is important thing to bring us around the world. Close to that you can your reading skill was fluently. A e-book Electronic Classics: Collecting, Restoring and Repair will make you to possibly be smarter. You can feel more confidence if you can know about everything. But some of you think that will open or reading any book make you bored. It's not make you fun. Why they could be thought like that? Have you seeking best book or ideal book with you?

Randell Easley:

Reading a guide tends to be new life style in this particular era globalization. With looking at you can get a lot of information which will give you benefit in your life. Together with book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their reader with their story as well as their experience. Not only situation that share in the publications. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors in this world always try to improve their talent in writing, they also doing some analysis before they write to their book. One of them is this Electronic Classics: Collecting, Restoring and Repair.

John McGinnis:

You may get this Electronic Classics: Collecting, Restoring and Repair by look at the bookstore or Mall. Simply viewing or reviewing it could to be your solve problem if you get difficulties to your knowledge. Kinds of this publication are various. Not only simply by written or printed but in addition can you enjoy this book by e-book. In the modern era like now, you just looking because of your mobile phone and searching what their problem. Right now, choose your personal ways to get more information about your guide. It is most important to arrange you to ultimately make your knowledge are still up-date. Let's try to choose suitable ways for you.

Carolyn Brown:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just little students that has reading's soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Electronic Classics: Collecting, Restoring and Repair can make you really feel more interested to read.
