## Microsoft Dynamics GP 2013 Implementation By Victoria Yudin

Written by a Microsoft Dynamics GP Most Valuable Professional, this is the ultimate guide to implementing the enterprise resource planning system. The book is structured as a step-by-step guide and includes screenshots with practical advice for easy learning.

### Overview

- Plan, install, and implement Microsoft Dynamics GP 2013 with real-world advice from a Microsoft Dynamics GP MVP
- Learn how to set up the core modules in Microsoft Dynamics GP effectively following detailed, step-by-step instructions
- Discover additional tools and resources available for your Dynamics GP

### In Detail

Microsoft Dynamics GP 2013 is a sophisticated Enterprise Resource Planning system with a multitude of features and options. The implementation of Dynamics GP is usually considered to be complex, and can be very confusing for both end users and consultants. Microsoft Dynamics GP 2013 Implementation will show you how to effectively implement Dynamics GP 2013 with ease.

"Microsoft Dynamics GP 2013 Implementation" is a focused, step-by-step tutorial covering the basics of Microsoft Dynamics GP, from licensing to design, before moving on to more complex topics such as implementation planning, installation, setup, and training. Learn how to plan and execute your Dynamics GP implementation from start to finish.

You will start off by learning how to plan a successful Dynamics GP 2013 implementation. You will then move on to learn the important questions to ask, the key setup details that should be decided upfront, and how to plan the infrastructure. Detailed descriptions of all the setup options for the core Dynamics GP modules as well as practical advice on setup will guide you through the myriad of options available in this powerful application. This book will also cover how to import initial data and how to find out what additional resources and tools are available for Microsoft Dynamics GP.

With many detailed and practical examples, "Microsoft Dynamics GP 2013"

Implementation will help you plan and complete a successful Microsoft Dynamics GP 2013 implementation.

### **What you will learn from this book**

- Put together an effective implementation team and discover key concepts for an effective implementation
- Plan out the details of your Dynamics GP implementation
- Navigate through infrastructure choices and planning
- Install SQL Server 2012 and Dynamics GP 2013 with ease
- Understand the meaning of setup options for the core Dynamics GP modules such as General Ledger, Bank Reconciliation, Payables Management, Receivables Management, and more
- Learn about important concepts for training users on Microsoft Dynamics GP by planning whom, when, and how many users to train
- Discover additional resources and tools available for Dynamics GP

### **Approach**

A step-by-step guide for planning and carrying out your Microsoft Dynamics GP 2013 implementation. Detailed descriptions and illustrations of setup screens and practical examples and advice are included for the Dynamics GP system and core modules.

### **Who this book is written for**

If you are a new or existing Microsoft Dynamics GP consultant or an end user who wants to implement, install, and set up core modules of Dynamics GP 2013, then this book is for you. A basic understanding of business management systems and either Dynamics GP or a similar application is recommended.

## **Editorial Review**

About the Author

### **Victoria Yudin**

Victoria Yudin has been designing, implementing, integrating, and customizing business management and accounting systems for over 20 years. She has been a user of Microsoft Dynamics GP (and its Great Plains Software predecessor) since it was available on DOS and has been a Dynamics GP consultant for almost 15 years.

Victoria has the distinction of being the only person in the world named a Microsoft Dynamics GP Most Valuable Professional (MVP) each consecutive year since 2005. She has also been on the DynamicsWorld's Microsoft Dynamics Top 100 Most Influential People list each year since 2010. Victoria has also been in the top 10 of Doug Pitcher's "most famous, awesome and totally influential Dynamics people" list for all 3 years it has been published. (<http://bit.ly/18UaKkL>)

Victoria has an undergraduate degree from the Wharton School of Business at the University of Pennsylvania, and has numerous certifications for Microsoft Dynamics GP and related technologies.

In November 2000, Victoria started Flexible Solutions, Inc. to bring together her experience in accounting and business with her love for technology. Flexible Solutions ([www.GPReportsViewer.com](http://www.GPReportsViewer.com)) is a Microsoft Dynamics GP Partner, offering the GP Reports Viewer add-on for Dynamics GP, as well as Microsoft Dynamics GP implementation, reporting, and support services.

In September 2008, Victoria started her blog, called Ramblings and musings of a Dynamics GP MVP (<http://victoriayudin.com>) to share her experiences and thoughts with the Dynamics GP community. Currently Victoria's blog gets more than 45,000 hits per month. Victoria also regularly helps fellow Dynamics GP users and consultants on many of the Dynamics GP online forums, including Experts Exchange, where she has earned the rank of Wizard.

Victoria previously authored the Microsoft Dynamics GP 2010 Implementation book and has had articles published on MSDynamicsWorld.com and in the GPUG Magazine.

## **Users Review**

### **From reader reviews:**

#### **Steven Slaughter:**
