Editorial Review

Review

"The authors are masterful in their use of literary examples...This book is an excellent example of international teamwork. It is a job well-done as it stimulates the reader to think developmentally. It will be the harbinger for future research in this field."

Huma Pandit, Doody's Notes

"A unique and innovative approach to family issues in psychiatric disorders."

Carol Nadelson, Professor of Psychiatry, Harvard Medical School

"It is a very valuable tool for all those involved in the care of the psychiatric patients and their children who are looking to mental health professionals to acknowledge their priorities and predicaments."

Infant and Child Development, Clara Lew, Cambridge Society for Psychotherapy

"...an excellent resource for individual practitioners who need to be mindful of other generations within the emotional sphere of their patients, for training programs that need to enhance their public health reach across generations, and community health administrators trying to minimize the proliferation of psychopathology from one generation to the next."

American Journal of Psychiatry

"The book is valuable for all professions that deal with parents who suffer from mental disorders...Altogether, this book covers a wide range of relevant topics compiled from a multidisciplinary team of 32 authors and publishers from various countries."

Bernd Roehrl, Journal of Psychosomatic Research
