The Oxford Handbook of Political Science (Oxford Handbooks) From Oxford University Press

Drawing on the rich resources of the ten-volume series of *The Oxford Handbooks of Political Science*, this one-volume distillation provides a comprehensive overview of all the main branches of contemporary political science: political theory; political institutions; political behavior; comparative politics; international relations; political economy; law and politics; public policy; contextual political analysis; and political methodology. Sixty-seven of the top political scientists worldwide survey recent developments in those fields and provide penetrating introductions to exciting new fields of study. Following in the footsteps of the *New Handbook of Political Science* edited by Robert Goodin and Hans-Dieter Klingemann a decade before, this *Oxford Handbook of Political Science* will become an indispensable guide to the scope and methods of political science as a whole. It will serve as the reference book of record for political scientists and for those following their work for years to come.

Editorial Review

Review

"A concise and solid introduction to political science and its ten sub-disciplines. The assembly of scholars from leading US, European, and Australian universities and research centers provides the reader with diverse perspectives and awareness of current scholarship. Entries are heavily cited and provide a concise roadmap of key scholars, theories, and current developments within each area...Highly recommended."--*CHOICE*

"Robert Goodin has put together a superb volume: truly a collection of the very best from the already outstanding chapters in the original ten volumes. The authors--the most prominent and authoritative experts from all over the world--provide not only a comprehensive and systematic assessment of what political science has already accomplished but also a guide to where the discipline should be heading in the future. Political scientists in all fields will welcome this immensely valuable effort."--Arend Lijphart, Research Professor Emeritus of Political Science, University of California-San Diego

"Anyone who wants to know the state of the art in political science and where the discipline is headed, but only consult one volume, need go no further than these authoritative essays by first rate contributors."--Carole Pateman, Research Professor, School of European Studies, Cardiff University

About the Author

Robert E. Goodin is Distinguished Professor of Social & Political Theory and Philosophy in the Research School of Social Sciences at Australian National University. He is a Corresponding Fellow of the British Academy, founding editor of *The Journal of Political Philosophy* and general editor of the ten-volume series of *Oxford Handbooks of Political Science*. His work straddles democratic theory (eg. *Reflective Democracy*, OUP 2003), empirical welfare-state studies (eg. *The Real Worlds of Welfare Capitalism; Discretionary Time*) and theoretical reflections on public policy (eg. *Social Welfare as an Individual Responsibility; What's Wrong with Terrorism?*).

Users Review

From reader reviews:

Nicole Marcil:

Information is provisions for people to get better life, information currently can get by anyone with everywhere. The information can be a expertise or any news even a problem. What people must be consider any time those information which is within the former life are hard to be find than now could be taking seriously which one would work to believe or which one the resource are convinced. If you receive the unstable resource then you get it as your main information there will be huge disadvantage for you. All of those possibilities will not happen within you if you take The Oxford Handbook of Political Science (Oxford

Handbooks) as the daily resource information.

Leon Santiago:

Reading a e-book tends to be new life style in this particular era globalization. With looking at you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire all their reader with their story or their experience. Not only the storyplot that share in the textbooks. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors nowadays always try to improve their talent in writing, they also doing some study before they write to the book. One of them is this The Oxford Handbook of Political Science (Oxford Handbooks).

Allison Sala:

Spent a free a chance to be fun activity to do! A lot of people spent their leisure time with their family, or their very own friends. Usually they performing activity like watching television, likely to beach, or picnic within the park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your current free time/ holiday? May be reading a book might be option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of book that you should read. If you want to try look for book, may be the reserve untitled The Oxford Handbook of Political Science (Oxford Handbooks) can be good book to read. May be it is usually best activity to you.

Robert Price:

On this era which is the greater person or who has ability to do something more are more precious than other. Do you want to become one among it? It is just simple way to have that. What you are related is just spending your time not very much but quite enough to enjoy a look at some books. One of several books in the top listing in your reading list is definitely The Oxford Handbook of Political Science (Oxford Handbooks). This book which can be qualified as The Hungry Mountains can get you closer in growing to be precious person. By looking right up and review this reserve you can get many advantages.
