Editorial Review

From Library Journal

In this work, whose format suggests a collection of essays instead of a standard textbook, each of 14 chapters is devoted to a religious group or topic and written by a prominent scholar in the field of religious studies. The scholars provide factual data concerning each religion or topic, as well as their personal observations, opinions, and conclusions, giving the student not only a well-informed introduction to religions in America but also a sense that these religions are alive, active, and relevant to one's and the world's well-being. Of special interest are the chapters on religion and its relationship to women, politics, and society in general. Every chapter ends with study questions, essay topics, word explorations, and a further reading list. Recommended for high school libraries and undergraduate college libraries.

Review

"Introductions to religion typically begin where the great world religions began and never quite make it to America. This pedagogically astute introduction reverses the direction, beginning where the students are and working backward. In a country where few religions are not represented, this concise book is the ideal first step toward understanding.

About the Author

Jacob Neusner is Research Professor of Religion and Theology and Senior Fellow at the Institute of Advanced Theology, Bard College, Annandale-on-Hudson, New York. He is the author of *Classics of Judaism: A Textbook and Reader* and *Judaism When Christianity Began* as well as the co-editor of *The Religion Factor: An Introduction to How Religion Matters*—all available from Westminster John Knox Press.
