Laboratory Handbook for General Chemistry By Norman E. Griswold, H. A. Neidig, James N Spencer, Conrad L. Stanitski

This handbook provides the basic information students need for a productive lab experience. The authors begin with a discussion of laboratory safety then move on to offer illustrations of each common piece of equipment with its name and a two-or three-word description of its function. The subsequent sections include clear and concise descriptions of elementary techniques using the basic equipment. Reference tables are included in the Appendices.
