About the Author

Perry Martin is group manager for reliability and process engineering in the Sacramento, California, division of National Technical Systems. His experience includes more than a decade of performing electronic failure analysis and environmental quality testing for the United States Air Force at McClellan Air Force Base in California. There he provided support and expertise in a number of areas, including the testing and repair of equipment such as avionics, crash and failure investigations for AF weapon systems, and contractor fraud inquiries. He has briefed both members of Congress and the Air Force Chief of Staff on his findings on faults in Air Force weapons systems.

Users Review

From reader reviews:

Theresa Gayle:
