## **Editorial Review**

Review

"It is just right for a busy pathologist swamped in his or her daily practice with tons of surgical material." – **Modern Pathology, review of the first edition**

"With its striking use of color and its readability, Pathology of the Female Reproductive Tract has created a new niche. It represents a pleasing and relatively detailed exploration of gynecologic pathology with a wealth of information and illustrations for the resident in gynecology or pathology or for the practicing pathologist who would like diagnostic assistance when next confronted with a problematic gynecologic biopsy or resection specimen." – **NEJM, review of the first edition**
