Color, Space, and Style: All the Details Interior Designers Need to Know but Can Never Find By Mimi Love, Chris Grimley

A comprehensive handbook of all the crucial information interior designers need to know on a daily basis.

In the world of interior design, thousands of bits of crucial information are scattered across a wide array of sources. *Color, Space, and Style*

collects the information essential to planning and executing interiors projects of all shapes and sizes, and distills it in a format that is as easy to use as it is to carry.

- Section 1, "Fundamentals," provides a step-by-step overview of an interiors project, describing the scope of professional services, the project schedule, and the design and presentation tools used by designers.
- Section 2, "Space" examines ways of composing rooms as spatial environments while speaking to functional and life-safety concerns.
- Section 3, "Surface," identifies options in color, material, texture, and pattern, while addressing maintenance and performance issues.
- Section 4, "Environments," looks at aspects of interior design that help create a specific mood or character, such as natural and artificial lighting, sound and smell.
- Section 5, "Elements," describes the selection and specification of furniture and fixtures, as well as other components essential to an interior environment, such as artwork and accessories.
- Lastly, section 6, "Resources," gathers a wealth of useful data, from sustainability guidelines to online sources for interiors-related research.

Throughout *Color, Space, and Style* appear interviews with top practitioners drawn from across the field of interior design.
