**Mastering vRealize Operations Manager** By Scott Norris, Christopher Slater

**Analyze and optimize your IT environment by gaining a practical understanding of vROps 6.0**

## About This Book

- Get complete control of capacity management in your virtual environment
- Display the most appropriate performance metrics and assemble your own dashboard
- Analyze and process data from different sources into a single repository, allowing you to understand every layer of your environment

## Who This Book Is For

If you are an administrator of a virtual environment and have used vROps before but want to gain a professional understanding by implementing complex tasks easily with it, then this book is for you.

## What You Will Learn

- Discover advanced vROps concepts and design your processes effectively for the underlying architecture
- Migrate from previous versions or install new versions
- Apply proven capacity management theories and techniques in practical, real-world environments
- Manipulate data and metrics to display them in the most effective way possible
- Create custom dashboards fit for any use case
- Make better use of the powerful analytics engine by bringing in external data with third-party adapters and the REST API
- Explore how policies have evolved in vROps 6.0 and how to apply them in the most effective manner

## In Detail

As x86 server virtualization becomes mainstream for even the most demanding

applications, the criticality of managing the health and efficiency of virtualized environments is more important than ever. vRealize Operations Manager 6.0 (vROps 6.0) is the key to simplify operations of your virtualized environment and move from being reactive to proactive.

Mastering vRealize Operations Manager 6.0 helps you streamline your processes and customize the environment to suit your needs. You will gain visibility across all devices in the network and retain full control. With easy-to-follow, step-by-step instructions and support images, you will quickly master the ability to manipulate your data and display it in a way that best suits you and the requirements of your colleagues. From the new and impressive vROps 6.0 platform architecture to troubleshooting and capacity planning, this book is aimed at ensuring you get the knowledge to manage your virtualized environment as effectively as possible.

### **Editorial Review**

About the Author

#### **Scott Norris**

Scott Norris is currently a senior consultant in VMware's Professional Services Organization (PSO). He specializes in multiple VMware technologies, such as ESXi, vCenter, vRA, vCD, vCOPS (vROps), vRO, SRM, and vRealize Automation Application Services. Prior to VMware, Scott worked for HP Australia and was the VMware SME for the APAC region. In this role, he did everything from breaking and fixing to architecting solutions for clients all over the region. For the last 6 years, Scott has worked exclusively on VMware products and technologies, supporting small environments, from a single server office to large federal government environments with hundreds of hosts. Scott Norris is a 32-year-old father of two. He has been an IT professional for 11 years minus a small hiatus in which he fought and won the battle against non-Hodgkin's lymphoma. Outside of work, Scott enjoys messing around in his test lab, playing with his children, or kicking back laying the smack down in Halo on the Xbox. This is his first book, but he runs a popular blog focused on the vRealize Suite at [www.virtualiseme.net.au](http://www.virtualiseme.net.au). Scott can be followed on Twitter at @auScottNorris.

#### **Christopher Slater**

Christopher Slater is a managing consultant working for VMware as part of the Professional Services Organization (PSO). He specializes in SDDC technologies and methodologies such as vSphere, vRealize Operations Manager, and Infrastructure and Platform as a Service (IaaS/PaaS) through vRealize Automation. He is a VMware Certified Design Expert (VCDX-DV #102) and acquired a bachelor of IT degree from the Australian National University. Chris's primary customer base is the Australian Federal Government, which has allowed him to work in some of the largest vSphere environments in Australia. He is in his late 20s and is grateful for the support from his wife, Nicola, and two children, Sophia and Daniel. Outside of work, Chris enjoys gaming and watching Hobbit and Frozen (for the 100th time) with his kids. Chris is glad to join Scott in his first book writing adventure and also blogs on VMware SDDC technologies at [www.definedbysoftware.com](http://www.definedbysoftware.com). He can be followed on Twitter at @cslater27.

### **Users Review**

**From reader reviews:**

#### **Debra Yarbrough:**

Often the book Mastering vRealize Operations Manager has a lot info on it. So when you make sure to read this book you can get a lot of benefit. The book was compiled by the very famous author. Mcdougal makes some research prior to write this book. That book very easy to read you may get the point easily after scanning this book.

**Earl Martinez:**

Exactly why? Because this Mastering vRealize Operations Manager is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of positive aspects than the other book possess such as help improving your skill and your critical thinking approach. So , still want to postpone having that book? If I had been you I will go to the guide store hurriedly.

**Molly Salazar:**

This Mastering vRealize Operations Manager is great publication for you because the content which is full of information for you who all always deal with world and also have to make decision every minute. That book reveal it details accurately using great arrange word or we can declare no rambling sentences inside it. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but hard core information with lovely delivering sentences. Having Mastering vRealize Operations Manager in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen second right but this e-book already do that. So , it is good reading book. Hi Mr. and Mrs. stressful do you still doubt that will?

**Jeffrey Cooks:**

Reading a book being new life style in this calendar year; every people loves to go through a book. When you learn a book you can get a great deal of benefit. When you read textbooks, you can improve your knowledge, simply because book has a lot of information on it. The information that you will get depend on what kinds of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, such us novel, comics, and also soon. The Mastering vRealize Operations Manager provide you with a new experience in reading a book.
