## Milk: A Local and Global History By Deborah Valenze

How did an animal product that spoils easily, carries disease, and causes digestive trouble for many of its consumers become a near-universal symbol of modern nutrition? In the first cultural history of milk, historian Deborah Valenze traces the rituals and beliefs that have governed milk production and consumption since its use in the earliest societies.

Covering the long span of human history, *Milk* reveals how developments in technology, public health, and nutritional science made this once-rare elixir a modern-day staple. The book looks at the religious meanings of milk, along with its association with pastoral life, which made it an object of mystery and suspicion during medieval times and the Renaissance. As early modern societies refined agricultural techniques, cow's milk became crucial to improving diets and economies, launching milk production and consumption into a more modern phase. Yet as business and science transformed the product in the nineteenth and twentieth centuries, commercial milk became not only a common and widely available commodity but also a source of uncertainty when used in place of human breast milk for infant feeding. Valenze also examines the dairy culture of the developing world, looking at the example of India, currently the world's largest milk producer.

Ultimately, milk's surprising history teaches us how to think about our relationship to food in the present, as well as in the past. It reveals that although milk is a product of nature, it has always been an artifact of culture.

## Editorial Review

### Review

"[A] serious work of history with great illustrations."—Marion Nestle, *The Atlantic*

(Marion Nestle *The Atlantic.com*)

"[A] stimulating cultural history."—Nick Rennison, *The Sunday Times*

(Nick Rennison *The Sunday Times* 2011-07-31)

"[A] fascinating history."—Alex Renton, *The Observer* (Alex Renton *The Observer* 2011-07-31)

"Valenze's book is an engagingly written and well-researched foray into a huge territory, pulling a mass of material into sharp focus and revealing milk as both strange and familiar."—Nicola Humber, *Times Higher Education*

(Nicola Humber *Times Higher Education* 2011-09-29)

"[Valenze's] documentation of milk's transformation into the modern product that underpins today's hugely diverse dairy products industry offers some insights and precedents useful in helping address current food supply concerns."—Mark Knoblauch, *Booklist*

(Mark Knoblauch *Booklist*)

"[C]omprehensive... covers everything from milk's role in mythology to its effects on animal husbandry to its transformation into cheese."—Catherine Price, *Slate*

(Catherine Price *Slate*)

"An exceptionally well-crafted and intriguing history of milk's career in human societies over the last three thousand years." —Frank Trentmann, author of *Free Trade Nation: Commerce, Consumption and Civil Society in Modern Britain*

(Frank Trentmann 2010-09-14)

"A well-written, engaging, wry history of milk. No other book covers the territory in quite the same way."—`<?xml:namespace prefix = st1 ns = "urn:schemas-microsoft-com:office:smarts" />`Amy Bentley, New York University`<?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" />`

## Users Review

### From reader reviews:

#### Scott Frew:

Book will be written, printed, or illustrated for everything. You can recognize everything you want by a reserve. Book has a different type. To be sure that book is important issue to bring us around the world.

Adjacent to that you can your reading skill was fluently. A e-book Milk: A Local and Global History will make you to end up being smarter. You can feel a lot more confidence if you can know about every little thing. But some of you think that open or reading any book make you bored. It is far from make you fun. Why they can be thought like that? Have you trying to find best book or suitable book with you?

**Brian Rocha:**

Reading a publication can be one of a lot of action that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people like it. First reading a guide will give you a lot of new details. When you read a guide you will get new information since book is one of several ways to share the information or perhaps their idea. Second, looking at a book will make you more imaginative. When you examining a book especially tale fantasy book the author will bring you to imagine the story how the characters do it anything. Third, you may share your knowledge to other individuals. When you read this Milk: A Local and Global History, it is possible to tells your family, friends and soon about yours publication. Your knowledge can inspire the mediocre, make them reading a reserve.

**Wendell Holloway:**

This Milk: A Local and Global History is great publication for you because the content that is certainly full of information for you who have always deal with world and also have to make decision every minute. This particular book reveal it information accurately using great manage word or we can declare no rambling sentences inside. So if you are read the item hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but tricky core information with wonderful delivering sentences. Having Milk: A Local and Global History in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no publication that offer you world inside ten or fifteen second right but this reserve already do that. So , this can be good reading book. Hi Mr. and Mrs. stressful do you still doubt that will?

**Rachel Haley:**

Reading a book to become new life style in this calendar year; every people loves to study a book. When you go through a book you can get a lot of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information upon it. The information that you will get depend on what forms of book that you have read. If you want to get information about your study, you can read education books, but if you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, as well as soon. The Milk: A Local and Global History offer you a new experience in studying a book.
