Principles of Anatomy & Physiology, Ninth Edition By Gerard J. Tortora, Sandra R. Grabowski, Bonnie Roesch, Gerald J. Tortora

Principles of Anatomy and Physiology has been the market leading text through many editions due to its solid scientific presentation of the principles of the human structure and function. Equally important has been the pioneering and continually evolving efforts of the authors to develop an outstanding illustration program and innovative pedagogical features that promote understanding. The product of years of teaching experience, this text provides a superb balance between anatomy and physiology while emphasizing correlation between normal physiology and pathophysiology, normal anatomy and pathology, and homeostasis and homeostatic imbalances.
